

ONYX

NAUTOR'S SWAN 100S

Experience the ultimate sailing getaway aboard SY ONYX, a stunning 100-foot Nautor Swan designed for those who seek both luxury and adventure. Recently refitted to the highest standards, this sleek 30-meter semi-raised Swan 100 S, designed by the renowned German Frers, offers an unforgettable yachting experience.

Originally launched in 2005, ONYX underwent an extensive refit in Mallorca in 2021, which included a striking grey hull repaint, new teak decks, a reimagined cockpit for elegant dining and lounging, and a stylish bar in the saloon. The interior and exterior were also refreshed with new upholstery and soft furnishings, ensuring that every detail exudes sophistication and comfort.

ONYX accommodates up to six guests in three luxurious ensuite cabins, where natural lighting and soft furnishings create a serene and stylish atmosphere. The yacht is fully air-conditioned throughout, ensuring a comfortable stay in any climate.

Enhancing your experience, ONYX is complemented by a dynamic, young crew dedicated to providing exceptional service. The yacht also features a 16.10-meter Windy SR52 Blackbird Chase tender, offering guests the freedom to explore further afield, visit remote restaurants, enjoy day trips between islands, and comfortably travel to and from shore, even in choppy conditions. Whether you're cruising the open seas or relaxing in a secluded bay, ONYX promises a sailing adventure like no other.
