

SILENT DREAM

SILENT YACHTS 60

meet Silent Dream

the e-volution of yachting.

A yacht that sets new standards on all fronts: Silent Dream is the most environmentally friendly addition on the current charter market. She is completely electrically operated and allows travellers to enjoy the highest standards of marine living with utmost love and devotion to nature. Thanks to the cutting-edge solar power production, travellers will be able to have all the conveniences of the modern day, without doing any damage to the aquatic world.

The aesthetics of this magnificent catamaran will win over the most discerning charterers - her spacious cabins, inviting salon, and outdoor decks are sleek and modern, while oozing an inviting atmosphere.

exterior living

Silent Dream was made for those with a true passion for the sea - not only is she completely eco - friendly, she also comes with the ultimate outdoor decks for admiring the beauty of Sardinia, where she is based. The social hub of this trend-setting catamaran is the sundeck, where guests will find an alfresco dining table and tanning areas.

The area is mercifully shaded by a bimini so that while enjoying panoramic views, you don't have to worry about UV rays. The aft deck is almost like an outdoor living room, but one that gives you quick access to the azure indescribable so that you can hop in and out of the water before returning to your morning shot of espresso.

Silent Dream also has some storage for water toys: add some thrill into your stay on board by testing out the kayaks and SUPs!

interior living

Everything on this stunning catamaran was made to peacefully coexist with the lovely environment, including the impeccable interior living areas. The salon is fully encompassed by glass, allowing you to enjoy the vistas even when escaping the heat and unwinding with family and friends indoors. The palette consists of creamy neutrals, which combined with premium materials and fabrics create a sumptuous feel for the new age elites.

Silent Dream has 3 double cabins for an group of 6, each with a stylish ensuite bathroom where guests can wash off the salt after hours of swimming in Europe's most coveted beaches.

master cabin

Thanks to the wide 9m beam, the cabins on Silent Dream offer ample space for peaceful nights at anchor. The master suite is the largest, and has a king size bed, vanity table, and is drenched by natural light.

Soft beige shades, light woods, and discrete lighting create a soothing feel for relaxing evenings.

guest accommodation

The modern aesthetic recipe is consistent throughout the interior of this stylish catamaran, and the two remaining cabins are no exception.

Thanks to the huge window located right by the double bed, guests will be pleased to wake up to a new blue horizon each morning!

The ensembles are elegant and large, with the latest amenities that will impress all charterers.
