

SUNBREEZE

SUNREEF 60

meet Sunbreeze

simply the best.

Sunbreeze is a sublime catamaran that marks the new shift in modern aesthetics – sleek lines, premium materials, and fresh palettes. Recently released in 2021, she resembles a floating minimalist villa and is surely a superyacht that turns heads. Sunbreeze is not only a looker, though. Her performances speak of ultimate quality and reliability, making this Catamaran a top achievement in terms of naval architecture and mechanical engineering.

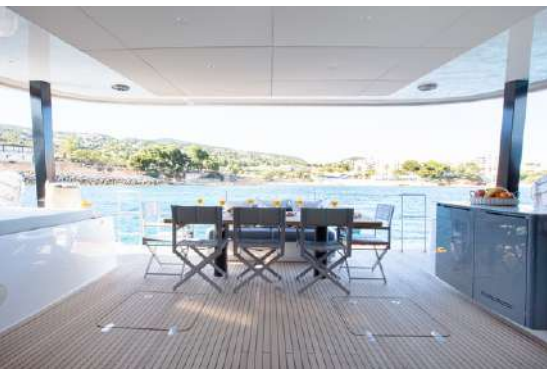

Her mission is to bring the feeling of complete freedom in the open seas, without sacrificing any of the comforts a 5-star hotel provides. Whether you're spending time lazing around on the trampolines, or relaxing with a glass of rose in the phenomenal interior areas, you'll get to soak in the views of the azure environments – this is the perfect superyacht for true sea worshippers, and is ready for your next luxury charter cruise.

exterior living

The first area you will come across is the huge aft deck - here, you will find a big dining table and a comfortable daybed, perfect to rest, enjoy some shade and simply do...nothing!

Follow the stairs which will take you to the spacious sundeck, which boasts an elegant seating area, where your attentive crew will be serving you the best Mojitos you've ever had and that will serve as your very own seaside restaurant.

For easy water access, you can head to the wide hydraulic platform - why not use it as a starting point for some water sports that you can enjoy using one of the many exciting water toys provided by the yacht?

After a day of swimming and exploring the glittery coves of the most privileged destinations, greet the sunset with family and friends at the trampolines forward, where there's an abundance of space for mingling and socializing and a further, cozy seating area.

interior living

Sunbreeze was designed as a year-round sailing catamaran and has a stunning interior equipped with state-of-the-art technology.

Before heading to your private cabin, you'll first come across the fresh and airy salon that harmonically blends with the spacious aft deck. Thanks to large lateral windows, an abundance of light enters and beautifully illuminates the minimalist, yet swanky design. The open-air kitchen with sleek edges and neutral hues, opposite the muted blue dining area, provides a perfect ambiance for both family bonding and festive dinners with friends or business partners.

master cabin

Her master cabin offers a glamorous environment for restful nights at anchor. Equipped with a stylish art deco berth and mirrors that add to the feeling of spaciousness, the master suite is a palatial, yet unpretentious cabin that will exceed the expectations of even the most discerning charterers.

Thanks to sizable windows, those lucky enough to spend their nights in the master will wake up to the best views of the coves you'll frequent during your island hopping escapade.

guest accommodation

If someone from your entourage already called shotgun on the stylish master suite, don't worry – the other three cabins are almost equally alluring. Each of the lofty cabins has a private ensuite bathroom to ensure each charterer enjoys privacy. With double beds and an abundance of natural light, each guest will enjoy the utmost comfort while cruising on the exceptional sea beauty.
