Most Popular Iconic Charter Gulet '*ECCE NAVIGO*'

Take a voyage of discovery along the Magnificent Greek Islands & Aegean Sea.

"Ecce Navigo" is a beautifully designed contemporary take on the traditional Turkish Gulet.

Interior design renewed, all linens and Cabin Materials, and service equipment renewed to do better service to our guests for the Summer season of 2026.

The 30-meter wooden sailing ketch "Ecce Navigo" (Latin: 'Here I sail') has been highly engineered to offer luxurious accommodations both above and below decks, together with superb performance, stability, and comfort while underway.

The indoor saloon is superbly laid out, with generous dining, bar, and entertainment areas. Her spacious interior has been handcrafted and finished in rich mahogany, resulting in living spaces that are both impressive and intimate.
