

SILENT DREAM

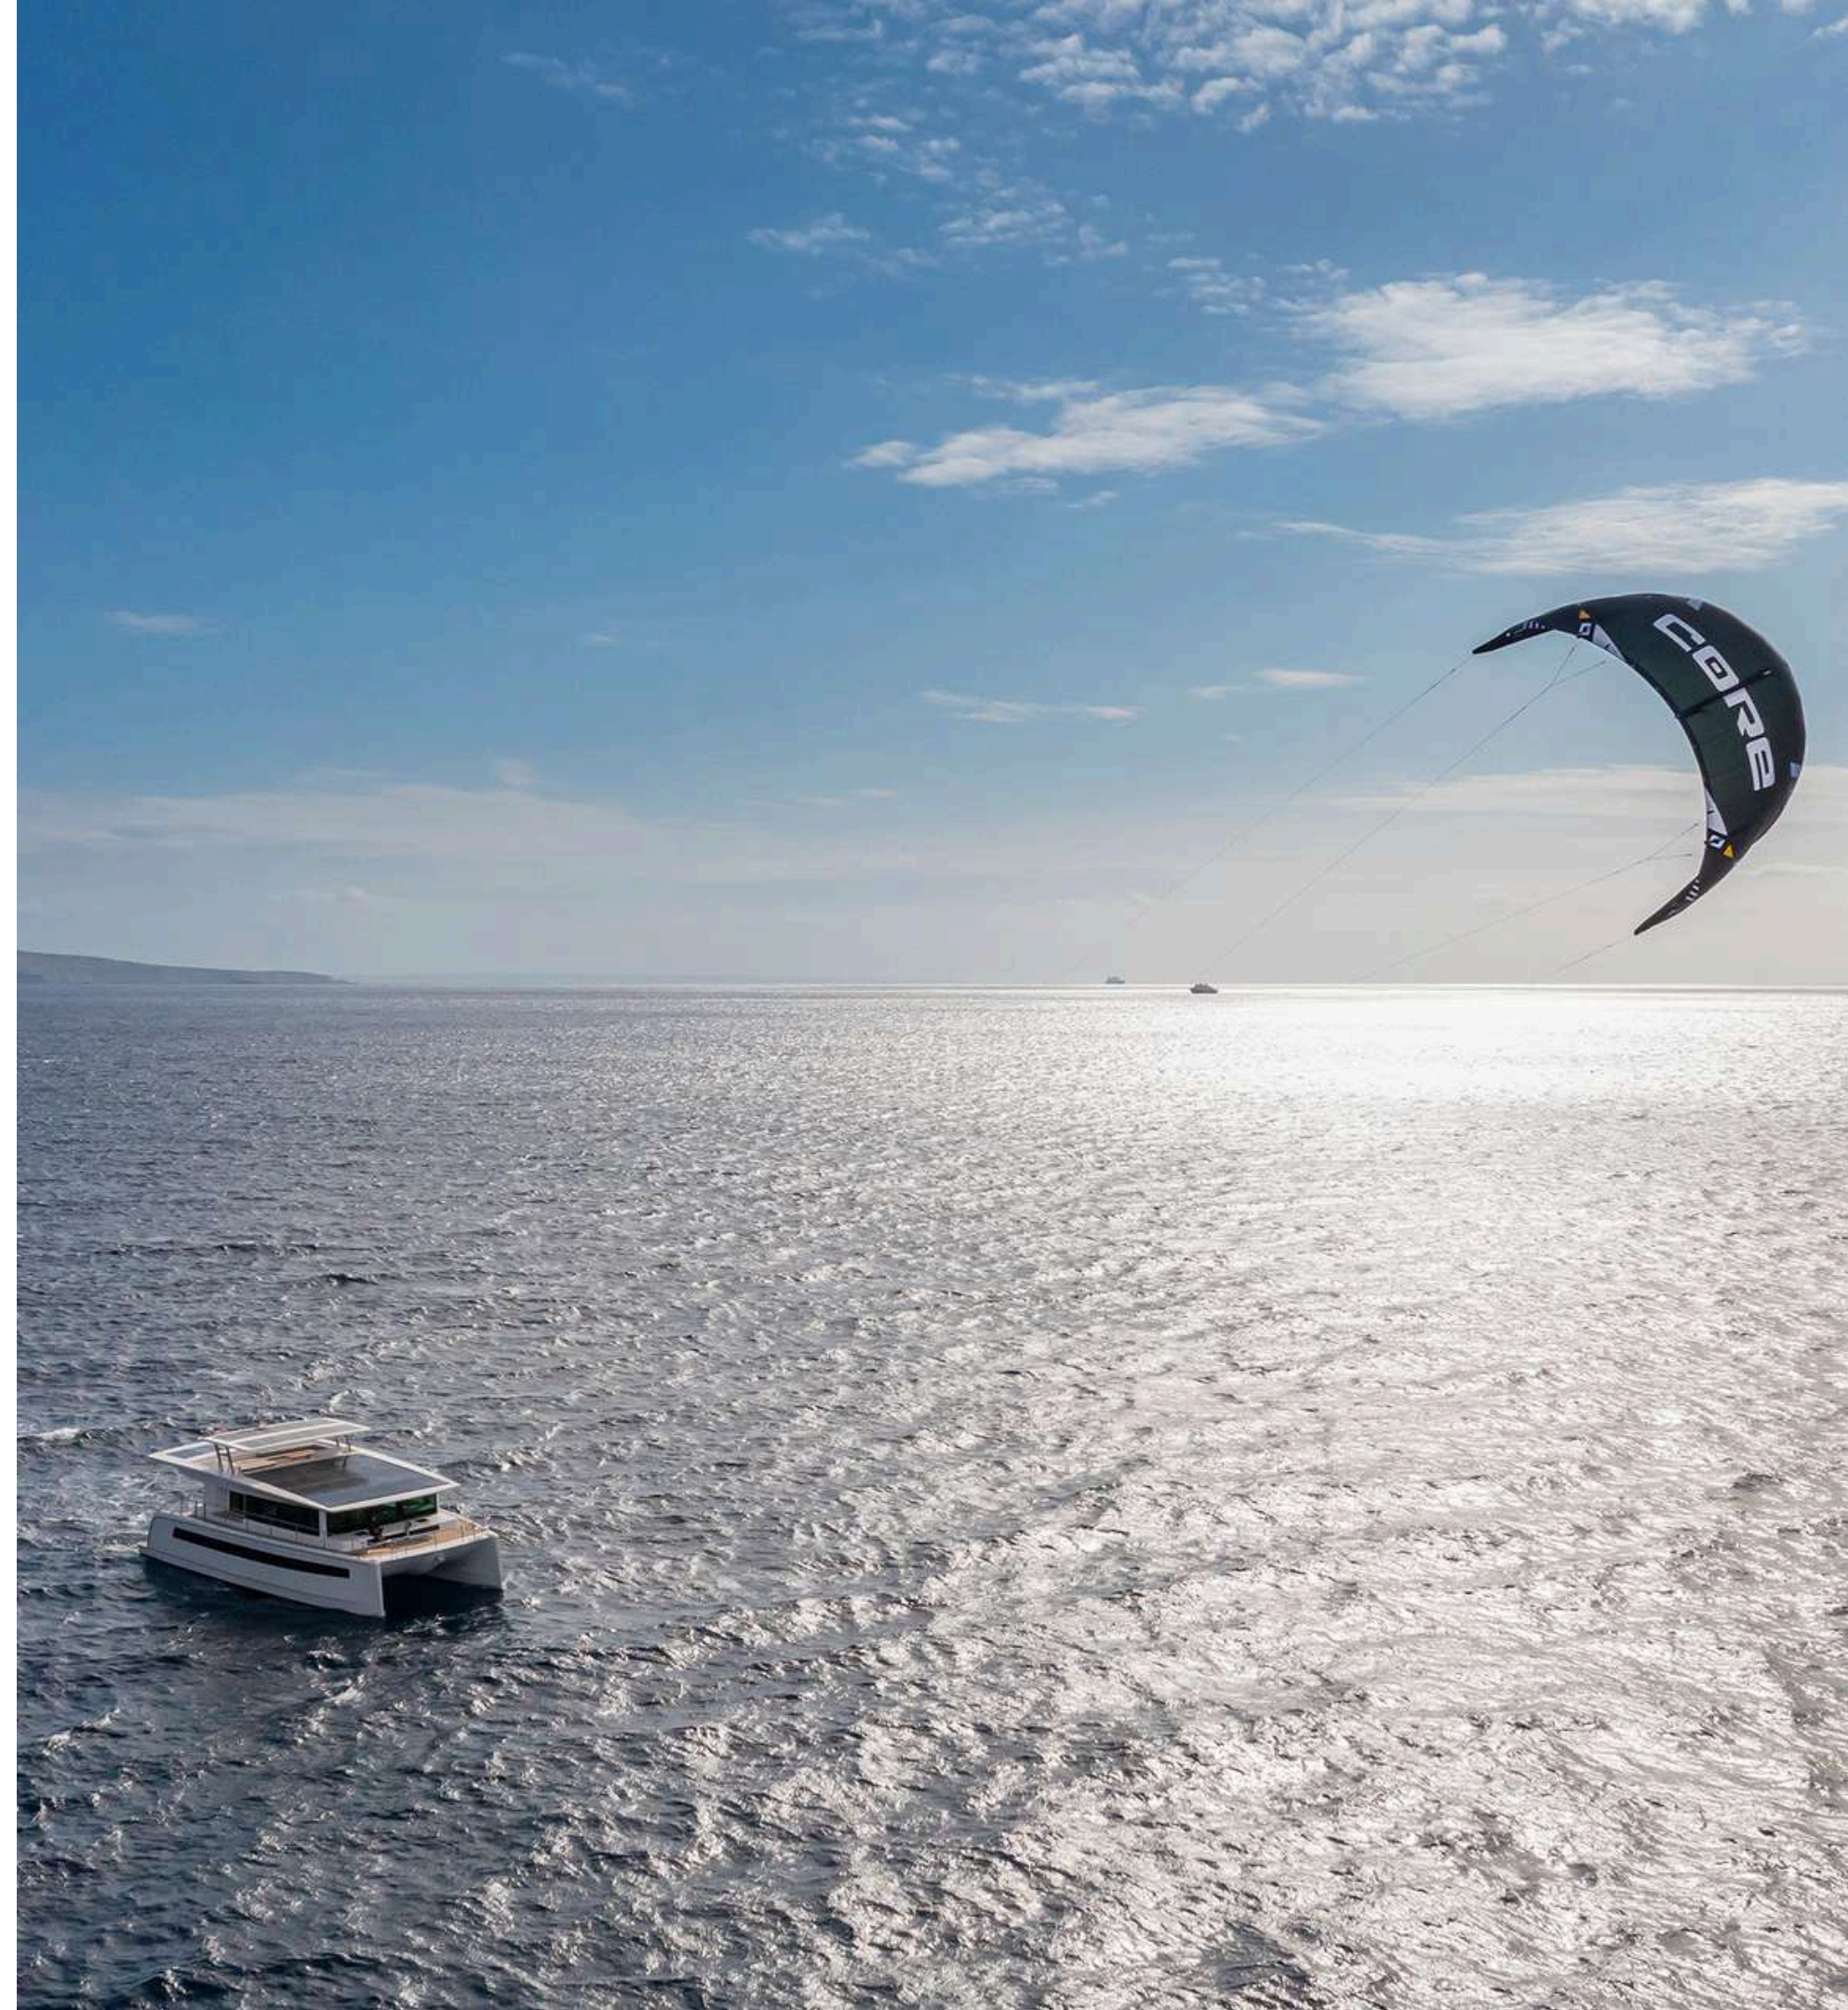

ABOUT SILENT DREAM

Silent Dream is a groundbreaking solar-powered catamaran, built in 2021 by Silent Yachts, offering an eco-friendly and luxurious yachting experience. Based in Marina Skradin, Croatia, she combines cutting-edge technology with elegant design, ensuring a seamless and sustainable journey on the water.

Designed for true sea lovers, Silent Dream features expansive outdoor decks, including a sundeck with alfresco dining and sunbathing areas, perfect for soaking in the Adriatic's breathtaking scenery. The aft deck provides easy access to the crystal-clear waters, inviting guests to take a refreshing swim or enjoy the yacht's selection of water toys.

Accommodating up to six guests, she boasts three beautifully designed double cabins, each with an en-suite bathroom. Thanks to her impressive beam, the interiors feel spacious and airy, with natural light enhancing the yacht's soft, modern aesthetic.

With a dedicated crew of three ensuring a smooth and relaxed experience, Silent Dream offers the perfect blend of comfort, style, and sustainability, allowing guests to enjoy the beauty of Croatia while treading lightly on the environment.
